

The image shows a screenshot of the Ableton Live software interface. At the top, the transport and arrangement view are visible. The transport bar shows a play button, a stop button, and a time display of 0:01:03:12. The arrangement view shows a piano roll with a blue piano roll grid and a grey piano roll background. The piano roll grid is labeled with time markers from 41.4 to 44. A yellow sticky note with the text "Man hört nichts...???" is placed over the piano roll grid. A red arrow points from the top of the piano roll grid to the "Länge" (Length) field in the top bar, which shows 41.0.1.37. Another yellow sticky note with the text "Damit funktioniert's" is placed over the piano roll grid. A red arrow points from the bottom of the piano roll grid to the "0:01:03:12" time display in the transport bar. The interface includes various controls such as "Definition", "AudioWarp", "VariAudio", "Pitch & Warp", "Segmente", "MIDI-Eingabe", "Tonhöhe quantisieren", "Tonhöhe ausrichten", "Zurücksetzen", "MIDI extrahieren...", "Hitpoints", "Bereich", and "Effekte". The top bar also displays "Takte: 41", "Zählzeiten: 1", "Tempo: 154.00", "Taktart: 4/4", "Algorithmus: élastique Pro - Time", and "Auto".
