The image shows the Cubase Pro interface with two tracks visible in the piano roll: REF\_03 (purple) and MIX REF (green). The REF\_03 track contains a MIDI piano roll with notes and a red marker at the end. The MIX REF track is currently empty. The interface includes a transport bar at the top with a time display of 0:02:51.646 and various playback controls. The bottom of the interface shows the Inspector panel with parameters for the selected track, including volume, pan, and track version settings.
